Chapter 1 To 5

Chapter 1: Chapter 1: Betrayal

There were many beauties in the world, but only you were my favorite – Si Zhanbei

In an underground hospital.

On the operating table.

Sheng Fenghua was performing a heart replacement surgery on a man. Her hands were as white as jade, holding a silver scalpel.

2

She was very as pretty as a picture. Her beautiful black hair was tied up high, and her eyes were as bright as the stars in the night sky. Her small red lips were like cherries, enticing people to taste them.

2

She was as gorgeous as the sun at midsummer.

2

At this moment, she was focused on performing the surgery. Her serious and earnest look gave her beautiful face an additional sense of dignity.

2

Her movements were elegant as if she was not holding a scalpel but a baton, conducting a piece of an orchestra. Her movements were smooth, fast, and artistic. It was almost impossible to follow her hand, but her surgery was already completed.

2

"Okay, send him to the observation room no. 1," Sheng Fenghua put away the scalpel as she instructed her assistant behind her.

2

After giving her instructions, she walked out of the operation room and changed into her scrubs. , there had been a lot of injured people in the base, so they had to go through several surgeries in a row. Even people made of iron had long been tired.

2

Therefore, after changing and showering, Sheng Fenghua leaned against the wall of the changing room and fell asleep right there.

2

However, just as she fell asleep, a tall man walked in. He glanced at the sleeping Sheng Fenghua, and ruthless killing intent flashed across his face.

2

The sudden murderous intent made the resting Sheng Fenghua open her eyes. When she saw who the man in front of her was, her tensed heart instantly relaxed. She smiled and gestured, "Lin Jun, it's you."

2

Lin Jun, Sheng Fenghua's disciple and a top student in the medical university, was another doctor in the base.

He was the same as Sheng Fenghua, serving the same organization, Dark Night.

2

The only difference was that Sheng Fenghua was an elder in the organization, while Lin Jun was still a rookie.

"Teacher, you're tired. Let me help you back to your room to rest. " Lin Jun smiled at Sheng Fenghua and took a step forward to support her.

2

Sheng Fenghua looked at the gentle-looking Lin Jun in front of her, and her eyes flashed. Could it be that her feeling just now was wrong?

That's right. Not only was Lin Jun her disciple, but he was also her companion. Why would he want to kill her?

Thinking of this, Sheng Fenghua let her guard down and let him assist her to her room to rest.

2

At this moment, in Sheng Fenghua's room, a woman with an enchanting figure was sitting on a chair with her back facing the door. Hearing the footsteps outside, a bloodthirsty smile appeared on her face. Then, she slowly took out a mini pistol from her body, turned around, and faced the entrance.

2

The door was pushed open, and gunshots sounded. The moment the bullets came, Sheng Fenghua immediately reached out to push Lin Jun away.

2

But right at this instant, she felt pain at her waist.

2

Sheng Fenghua looked down and found a blood-stained dagger lodged in her waist.

2

"You?" Sheng Fenghua looked at Lin Jun with her eyes wide open. Only at this moment did she realize that her previous senses were not wrong.

2

But, why?

She had treated Lin Jun with sincerity, taught him from the heart without holding anything back, and even wanted him to continue her legacy.

2

"Master, I'm sorry. The higher-ups wanted your life and gave me a large sum of money, so... "

Even though Lin Jun didn't finish his sentence, Sheng Fenghua already knew what he meant. Because of the order from the higher-ups, because of a sum of money, he wanted to kill her.

2

Hehe...

2

Sheng Fenghua suddenly laughed and looked at Lin Jun with a face full of ridicule. Her gaze became sharp, and the evil aura on her body spread out as she waved her jade-like hand.

2

Before he could even see how she did it, Lin Jun's neck had already fallen into her hands.

2

Chapter 2: Chapter 2 was betrayal 2 again

She tightened her grip and was about to crush Lin Jun's neck when a familiar voice rang in her ear, "Fenghua, Ah Jun is also following orders. Why do you have to be so ruthless to him?"

2

Hearing the voice, Sheng Fenghua was stunned and looked up. Only then did she realize that her good friend was standing in front of her, looking at her with a smile.

"Feng Qing, why is it you?" Sheng Fenghua's face was full of disbelief.

2

"Why can't it be me?" Feng Qing laughed, her face full of fascination. She had been waiting for this opportunity for ten years, and today, her wish had come true.

2

"Why?" Sheng Fenghua looked at Feng Qing with a pained expression. If she had been betrayed by Lin Jun and given up by the organization, she would have been fine with it. But this woman in front of her was her good friend, her best friend.

2

They had been together for fifteen years, and she had long regarded the other party as her sister, her closest sister.

2

But now, she had actually come to kill her on behalf of the organization. How could she not be heartbroken, not be crestfallen?

2

"Why?"

2

Feng Qing suddenly burst into laughter when she heard Shen Fenghua. After chuckling, she looked at the other party with a face full of mockery. Her voice was ferocious, like a malicious ghost, "Why? Of course, it's because you not only blocked my way but also stole the man I love."

2

"What?" Sheng Fenghua looked at Feng Qing with a puzzled face. She was 28 years old this year, but she didn't even have a boyfriend. When did she snatch Feng Qing's man? Why was she unaware of it?

2

Looking at Sheng Fenghua's innocent look, Feng Qing was full of hatred. She gritted her teeth and spat out two words, "Feng Mian!"

2

As soon as the word 'Feng Mian' came out, Sheng Fenghua finally understood where Feng Qing's resentment originated from. Feng Mian, the only man in the base who had confessed to her.

2

So the person Feng Qing liked was Feng Mian!

"You know I don't like Feng Mian at all."

2

"Yeah, everyone in the base knows you don't fancy Feng Mian, but he only has you in his eyes. As long as you're here, he'll never see me. So, for my love, you have to die. Besides, the people above have long disliked you."

2

Sheng Fenghua slowly calmed down and asked Feng Qing, "Tell me, who wants me gone?"

2

"Hehe, there are many people who want to kill you. Who asked you to be so high-profile and offend so many people?" Feng Qing sneered as she continued, "you don't know, right? It's not just me and Lin Jun who came today. The higher-ups have said that you must die, no matter what."

2

Seeing that Feng Qing was unwilling to say the names, Sheng Fenghua didn't ask further. Anyway, when she went back, she would find out.

2

However, she had to deal with the person in front of her first.

Hence, she looked at Feng Qing coldly and said, "Feng Qing, if you want to kill me, we have to see first whether you have the ability to do so."

2

She, Sheng Fenghua, was not just a doctor. She was once the queen of mercenaries in the entire mercenary world, a king-like existence in the whole organization.

2

If she was not not interested in power, how could the leader of the organization be someone else?

"I indeed don't have the strength, but what if there are ten or twenty more people?" Feng Qing curled her lips and smiled smugly. The organization had spent a lot of money to get rid of Sheng Fenghua. Other than those who were on missions, almost everyone else had arrived.

2

"Ha, they really think highly of me." Sheng Fenghua sneered, but there was no fear in her heart. She used force with her hand and broke Lin Jun's neck, then pounced on Feng Qing.

2

Seeing Sheng Fenghua's action, Feng Qing dodged and fired again.

Chapter 3: Chapter 3, Hospital of Rebirth

Seeing Feng Qing's actions, Sheng Fenghua sneered. If she could dodge one shot, she could evade another. However, just as she was about to duck, her face froze.

2

She couldn't move!

Damn it, she was poisoned.

The realization made Sheng Fenghua's expression change drastically. She turned to look at Lin Jun, whose neck she had just broken, with disbelief written all over her face.

2

She had never thought that Lin Jun would smear poison on his dagger. Moreover, it was the kind of poison that wouldn't take effect if one didn't

move, only taking action during movement.

2

And this drug, which was actually her creation, was her latest product. As for the cure, she hadn't developed it yet.

2

While Sheng Fenghua was shocked still, Feng Qing's gun spat flames again, and a bright and resplendent plum blossom opened in her chest.

2

It was accompanied by Feng Qing's hell-like evil voice, "Sheng Fenghua, go to hell."

2

... ..

Pain, a burst of insufferable pain, hit her hard, forcing Sheng Fenghua to open her eyes.

2

She wasn't dead?

She clearly remembered that Feng Qing's bullet had hit her heart. How could she not be dead? Could it be that someone had saved her?

2

As she was thinking, another wave of agony came from her body, which made her feel that something was wrong. The pain wasn't in the right place. Her heart was the one that was injured, but why was the ache on her hands, feet, and waist?

2

What on Earth was going on?

Sheng Fenghua's mind wandered as she lowered her head to look at her chest. She wouldn't know if she didn't look, but when she did, she was shocked.

2

Her heart was fine. How could there not be a gunshot wound?

2

This discovery gave Sheng Fenghua a big shock as she sat up from the bed. When she moved, her body hurt again. Only then did she realize that her hands and feet were wrapped in gauze. It seemed that her injuries were not light.

2

As a doctor, one that was internationally renowned, Sheng Fenghua quickly determined her injuries. She had tripped and injured herself.

2

How could this be?

Sheng Fenghua was even more perplexed. She had always been very confident in her memory. Not to mention what had just happened, even if it had happened a month or longer ago, she could still remember it clearly. She could recollect what she had said, what she had done, and whom she had met.

2

But now, she just could not recall how she had gotten the injury on her body!

2

No, she had to think about it again.

However, at this moment, she felt dizzy. Sheng Fenghua could not take it anymore and fell back onto the hospital bed.

2

Sheng Fenghua, who was lying on the bed, was extremely disoriented. Countless images flashed past her mind, like a movie recounting her experiences since she was young.

2

Only then did she know what had happened to her body.

2

It turned out that she had indeed died under Feng Qing's gun. And now, she

was still Sheng Fenghua, a military wife who had come with the troops.

2

Currently, she was in the hospital because she had quarreled with someone and had been pushed down the stairs, resulting in serious injuries.

2

After sorting out her identity, Sheng Fenghua opened her eyes again and sized up the ward. This was a single room, and there was no one else but herself.

2

Speaking of which, it was all thanks to her husband, Si Zhanbei, that she was able to stay here.

2

Si Zhanbei was a Battalion Commander, and who knew what was wrong with him? He could have married those ladies from noble families, but he had to marry a country bumpkin like her.

2

As a result, the moment she arrived at the army's family courtyard, she was shunned by everyone. There was no other reason except that those people felt that she was not worthy of Si Zhanbei.

2

What's more, among the girls in the army, eight out of ten adored him, which made her life in the family courtyard even worse.

2

Chapter 4: Chapter 4, Hospital of Rebirth II

When Si Zhanbei was around, they would be more or less restrained. However, after he left, they became even more severe. Yesterday, Si Zhanbei had just received a notice to go out on a mission, and those women came to find trouble with her immediately after.

2

Sheng Fenghua had long known that those ladies did not like her, so she hid as much as she could. However, there was nothing to eat at home, so she had to go out and buy something to fill her stomach.

2

Unexpectedly, the moment she stepped out, she met Si Zhanbei's number one admirer, Bai Feifei.

2

Bai Feifei was a military doctor. On top of that, her looks and family background were top-notch. She had long set her sights on Si Zhanbei, but she did not expect Sheng Fenghua to appear out of nowhere.

2

If it had been someone else with better family background, Bai Feifei might have given up. However, Sheng Fenghua was inferior to her in every aspect, and more importantly, she was a village girl.

2

How could Bai Feifei accept this?

2

Nevertheless, she did not dare cause trouble for Si Zhanbei. Therefore, she could only make things difficult for Sheng Fenghua behind his back.

2

As a result, on the first day that Sheng Fenghua came to the army, she had already confronted her. She also learned from everyone that Bai Feifei and Si Zhanbei were the pair that everyone thought highly of, and she was the mistress that broke them up.

2

Sheng Fenghua hated mistresses. Even though she grew up in the countryside, she knew that it was wrong to hurt others' feelings. Because of this, she had always felt guilty towards Bai Feifei.

2

Besides, she had a soft personality and felt inferior to her. She did even dare

to look at her husband, Si Zhanbei, in the eye, let alone when facing others.

2

Considering all this, everyone looked down on her even more. Moreover, bullying the weak and fearing the strong was the norm here. She was from the countryside and had stolen everyone's idol, with Bai Feifei fanning the flames by the side. It was hard not to feel wronged.

2

Sheng Fenghua was also a thoughtful person. She would not say anything, even if she was being oppressed. As for her husband, Si Zhanbei was very busy every day and did not notice this situation at all. He only knew that Sheng Fenghua was becoming more and more silent and did not like to go out, but he was baffled by it all.

2

At this time, when the other people in the courtyard provoked her, Si Zhanbei had some opinions about his little wife. Looking at his face, it became colder and colder with time.

2

That was the icing on the cake. Sheng Fenghua was already being mistreated because of Si Zhanbei. However, not only did he not comfort her, but he also gave her a distant face, causing her to resent Si Zhanbei from the bottom of her heart.

2

Two days ago, she did not know what was wrong with her brain, but she had a big fight with him. He slammed the door and left her to her devices.

2

Everyone soon knew the matter of the two quarreling with each other, so their attitude toward Sheng Fenghua became worse.

2

In the past, they were still worried about Si Zhanbei, but after the argument, they no longer had any scruples. They believed that he also did not like this

little wife of his.

2

As a result, as soon as she went out, someone would come looking for trouble.

Yesterday, when she left her room, she first met the love of the Deputy Battalion Commander, Li Chunmei, who lived in the same building. She was from the city and taught in the town's primary school. Therefore, she could be considered an educated person.

2

Ever since Sheng Fenghua came to this family courtyard, Li Chunmei had not liked her.

In the beginning, Sheng Fenghua did not know where her hostility came from. But soon after, she found out the reason. She hated her because not long ago, her husband and Si Zhanbei had both been listed as candidates for Battalion Commander. In the end, Si Zhanbei was the one who came out on top.

2

Thus, Li Chunmei detested Si Zhanbei and Sheng Fenghua. For this reason, she set traps for her everywhere and even allied with other military wives to isolate and slander her.

2

Chapter 5: Chapter 5 soft package military wife

"Oh, isn't this Battalion Commander Si's lover? Why are you willing to go out today?" Li Chunmei saw Sheng Fenghua coming down the stairs and spoke in a strange tone.

2

Sheng Fenghua timidly glanced at Li Chunmei and didn't say anything. She was originally a submissive person, so usually, she would avoid opening her mouth if she could.

2

However, in the eyes of others, it was as if she looked down on people and ignored them. Li Chunmei was also a proud person. Coupled with her refined appearance, every woman in the courtyard called her sister-in-law.

2

However, this Sheng Fenghua, just a little girl from the countryside, actually ignored her. How could she not be angry?

2

And when this woman was offended, there was no stopping her.

2

Thus, while approaching Sheng Fenghua, Li Chunmei said coldly, "What? Do you think you're great just because you're married to Battalion Commander Si? Let me tell you this, you're not worthy of him. You probably don't know that Miss Bai and Battalion Commander Si are already a couple. If not, you really believe you could marry Battalion Commander Si?"

2

She didn't know about the affair beforehand. Sheng Fenghua knew that something must have happened that she wasn't aware of, else, Li Chunmei wouldn't have said this.

2

However, Sheng Fenghua didn't think that the matter had anything to do with her. After all, she had been staying in the countryside. If Si Zhanbei hadn't suddenly come to propose marriage, she wouldn't even have known him and wouldn't have followed him here.

2

Therefore, she raised her head and looked at Li Chunmei demurely. She said in a voice that was even smaller than a mosquito's, "You, you don't have to move. I'm going to buy something. I haven't eaten yet."

2

Li Chunmei initially thought that she would be able to see Sheng Fenghua's

change of expression after she said those words. She even begged her to tell her what had happened. However, she did not expect that the other party would actually say such irrelevant words.

2

Hence, she became angrier and reached out to grab Sheng Fenghua.

2

Sheng Fenghua did not expect that Li Chunmei would make a move just like that. She was seized by the other party's arm and was utterly stunned.

2

She stared blankly at Li Chunmei, whose face was slightly distorted. Looking at her expression that did not match her usual appearance, she could not react for a long time.

2

In the past, she had seen Li Chunmei's arrogant appearance; she had seen her holier-than-thou attitude, and she had also seen her beautiful and confident manner. However, she had never seen her fierce and aggressive look like at this moment.

Just as the two of them were in a daze, Bai Feifei passed by downstairs. Seeing the duo arguing, she immediately became interested. She hurriedly walked over and asked, "Sister-in-law Chunmei, Sheng Fenghua, what are you guys talking about?"

2

When she suddenly heard Bai Feifei's voice, Li Chunmei was shocked and let go of Sheng Fenghua. Fenghua was initially standing at the top of the stairs, preparing to go down. Later, she was pulled back by Li Chunmei. Now that she was released, she lost her balance and tumbled.

2

Seeing Sheng Fenghua fall down the stairs, not only Li Chunmei, but even Bai Feifei was stunned and couldn't react for a long while.

2

After some time, Bai Feifei came back to her senses. She stepped forward, glanced at Sheng Fenghua, and then said to Li Chunmei, "Sister-in-law Chunmei, quick, call for help. Sheng Fenghua seems to be hurt quite badly."

2

Sheng Fenghua was originally weak, so she instantly fainted after the fall. As for how she got to the hospital, she had no idea.

2

She remained unconscious for a day and a night. When she woke up the next day, she was a different person.

2

After figuring out what had happened to the original owner, Sheng Fenghua curled her lips and put on a cold smile.

Li Chunmei, Bai Feifei, wait for me!
